

A support system all our own.

It's all part of my child's plan.

We love having your child as a Sunshine Health member!

We are proud to be your partner in care and deliver specialty healthcare services that you and your child rely on to address your child's unique needs.

We wanted to let you know about a dedicated Member Services line that we have to assist children in or adopted from Florida's Child Welfare system. These agents are here to make accessing care easy for you and your child. You can call 1-855-463-4100 (TTY 1-800-955-8770) Monday-Friday, 8 a.m.-8 p.m.

We also wanted to tell you about Sunshine Health's Child Welfare Specialty Plan, which is designed with unique benefits, programs, and services to better support children in or adopted from the Child Welfare system. This specialty plan is offered at no cost to you, and provides benefits beyond what a traditional Medicaid health plan provides.

As a Child Welfare Specialty Plan member, children get extra benefits and programs designed to support their physical and emotional well-being, including:

Care grants

Up to \$150 for services or supplies for social use or physical activities for your child per year.

Transition Assistance

Up to \$500 in one-time assistance for youth transitioning out of foster care at age 18 or out of extended foster care at age 21.

Life Skills Development

Services to help children with a developmental disability keep, learn or improve skills and functioning for daily living.

Non-Emergency Transportation

Transportation for non-medical trips, such as social outings or family visits.
